2. (Unclassified - WPB) CONSTITUENT Dropped off with Larry Shiszick, of Representative Gilbert Gude's (R., Md.) office, our reply concerning a complaint by the Medical Equipment and Maintenance Company over a cancelled purchase order over two years ago.

3. (Unclassified - WPB) ADMINISTRATIVE DELIVERIES As a follow-up item to the 26 August briefing, dropped off for Lewis Gulick, staff consultant for the House International Relations Committee, two copies of the Agency's USSR Agricultural Atlas.

✓ 4. (Unclassified - WPB) LEGISLATION Called the Parliamentarian of the House, and talked with his legal assistant, Peter Robinson. I asked whether under Rule XI a Congressman who learned something in executive session which was either on or off the record could make such matters known to a non-committee member under Rule XI. He said he gathered I was referring to Rule XI.2 (e)(2), and that this rule must be read in conjunction with Rule XI.2 (k)(7). He stated that while there is some dispute on the matter, present interpretation is that executive session matters can only be released to non-committee members if the committee in question consents and that individual Congressmen do not have authority to communicate such matters on their own outside the membership of the Committee.
